

Dahlonega Signal.

DAHLONEGA, JULY 6, 1894.

The Populists carried Kensington, N. H.

Akron, Ohio, polled 1,200 votes against 507 in 1892.

There are 2,500 reform papers in the United States.

The vote in Milwaukee was 1,235 for Weaver. It is now 3,003.

The Populists of Bloomington, Ill., elected the mayor over both old parties.

In Saginaw, Michigan, the vote increased from 86 in 1892, to 1,900 this spring.

This is the language of Governor Tillman of South Carolina: "The democratic party is dead, assassinated by Grover Cleveland."

The Lincoln Herald, of Lincoln, Neb., the only democratic paper in the Capitol, is now in the hands of the Populists, and will be the state organ.

Lately from Oregon. The Populists have 3 Senators and 7 Representatives. They have increased their vote 7,000 in the state, and elected 3 county tickets.

Judge Statham, of Terrell county, who was chairman of the county democratic executive committee has joined the Populist and bid farewell to the Atkinson crew.

We see that Hall county sends thirty-four delegates to the state democratic convention in Atlanta. This is done in order to have a big crowd and a jolly time.

Tom Watson wanted to be heard only one hour last Friday in the house in his own behalf, but the members refused to vote and asked for Mr. Black to take his seat.

It is preposterous to suppose that any Georgia Democrat who honestly followed the platform of 1892 can sincerely believe the financial policy of the land—Spartan Island, etc.

The Democratic party is ready for burial in Oregon. In the last Legislature it had 38 members. In the next, only 9, 6 of whom are holdovers. Their vote decreased from 39,263 in 1890, to 17,000 in 1894.

Hubert Ester, of Gainesville, was carried to the asylum last week in charge of his father, Judge J. B. Ester, and a policeman. Hubert has given his parents much trouble. He fell in the care of a bad female, forged checks all over the state, and has almost ruined his father financially.

When Mr. Atkinson spoke in Ruidaville he said, "I see a great many people's parties among my audience, while some one please tell me what you were before you were people's parties? A tall horn-handed farmer slowly rose up and in clear ringing tones replied: "We were d—n fools"—Swainsboro Herald.

Congressman Bryan, of Nebraska, sent the democratic committee of his district, a letter declining to be a candidate, giving as his reasons that there was no longer any reason for the continued existence of the party. He says the republicans have followed the same policy now adopted by the democrats, and that longer than they, and are much better prepared to carry it out, so he wants no more of their nominations. Go it, Bryan.—Industrial Union.

The Gainesville Farmers' Outlook in speaking of Mr. Atkinson receiving the state treasury of \$1,000 says: A man that would violate his oath in an instance would not hesitate to do so again, especially if it means with the approval of the people of his state, and aids him in wealth by his brow with money. He said in his speech at Macon, that \$1,000 had gone to the party. We do not believe this, but for sake of argument, say that it did, how much more of the people's money will be taken out of the treasury and spent in the same way, if he is put in the executive chair?

The new regulation on sugar goes into effect January 1st. This gives the sugar trust the same chance to buy up this years crop of raw sugar at low rates, which is a profit to them of 40 millions of dollars. At the passage of the bill, however, the price of refined sugar, giving the trust 40 millions more profits, with a clean sweep of 80 millions of dollars. The sweet trust may well be content, and can well afford to spend two millions among the "Great Statesmen" to convert them. But what about those Senators who answer their convictions. How will they sell to their people and country. Did they care a rap!—Farmers Outlook.

The Democratic Rally.

The democratic rally advertised to take place last Tuesday occurred, and a rally it was. There was not exceeding two dozen country people in town, and most of them shunned the court house the same as if they were expecting to be tried by jury and desired to forfeit their bonds and let their cases go over for another term.

This democratic rally reminded us of the one said to be held by the republicans in this county many years ago, at a time when that party was just about as weak as the democrats are to-day.

The meeting in question was called by the one having charge of the party, to convene at the court house in Dahlonega at a certain day and hour. When the time arrived but two of the party—one a very fleshy man and the other almost a skeleton, but both good citizens. These two waited for hours for their comrades in politics to appear, but they did not come. So late in the evening feeling very much discouraged, they talked the matter over and decided that it would never do to leave the court house without writing something about the rally for publication so as to make people believe that their party was in a thriving condition.

It was agreed that the lean man should act as secretary. He sat down and commenced writing, heading his article as follows: A GRAND RALLY. DAHLONEGA, Ga., etc.

The republicans met in the court house to-day, by Mr. — in the chair, who explained the object of the meeting. After which Mr. — was named permanent chairman and Mr. — was elected secretary. The best of language prevailed. It clearly showed that the party is not dead nor sleeping, and through this God blessed old party is the only hope of relief. It was composed of a large and respectable

"Hold up," said the fat man who had been closely watching the ink as it flowed from the secretary's pen. "I will never do. I am a member of the church and cannot afford to have my name appear to a piece like that."

"Why not?" asked the secretary. "Are you not large, and am I not respectable?"

The chairman agreed to this and the secretary went on with the proceedings, and when the lengthy article appeared in print, it looked as if nearly every man in the county had attended a political meeting in the court house that day. Printers ink goes a long way.

The rally of last Tuesday is very much like that republican convention, and when the proceedings are read up and appear in print, it will look like we are all democrats, each one of us having a bouquet of orange blossoms pinned on the lapel of our coats and peace, happiness and prosperity in every nook and corner, and each man, woman and child in Lumpkin county, with great handfuls of money to give away.

The chairman of the county democratic executive committee had advertised for the members of the committee and every democrat to meet at this time for the purpose of transacting some important business, have a grand rally and take some steps to march to victory in a solid phalanx. And at this call only three of the committee and twenty-eight others obeyed the command—31 voters to represent the party and seven of them being candidates for various offices. Out of this number were only seven citizens who resided outside of the town. Capt. Allen occupied the chair and Mr. W. G. McNeely the secretary's desk.

Only four favored nominations, and after some discussion by the usual speakers, the meeting adjourned to meet again on the 21st, just at which time another rally appears on the program.

It can now be safely said that Judge Hines will carry Lumpkin county by a good majority, and that the republican party is in a bad way. The meeting that was held at the court house on Tuesday, July 2nd, was a very successful one. It was held at the court house, and was attended by a large number of people. The meeting was held at the court house, and was attended by a large number of people.

Of those who attended the democratic rally Tuesday in Dahlonega, eleven held offices of various kinds and seven were candidates for such positions.

What Have the Democrats Done.

When we ask what the democrats have done, the reply is that Hoke Smith has reduced the pensions to \$28,000,000 and Congress has repealed the election laws—two things, reduced the pensions and repealed the election laws.

Judge Hines, in his Griffin speech the other day, said the democrats reminded him of an Indian funeral he had heard of, which is as follows: When the Indians bury a warrior they must get around the grave and sit there until some warrior can say something good about the dead warrior. They had laid to rest a worthless warrior, a fellow who had been a coward, a drone, and absolutely worthless to his tribe, and after they laid him to rest in the morning, the warriors took their places around the grave, according to their custom, until some brave could say something good about the dead warrior. There they sat throughout the day waiting for someone to say something; they had grown tired, they wanted to go, but not a man could think of a single thing good about the dead warrior. So late in the afternoon, when patience had ceased to be a virtue and they had all become thoroughly tired out, one fellow said, "I can say one good thing about the dead warrior. He was a good smoker."

Why the Democrats Do Not Nominate a Ticket.

The following results of the various elections since 1898 will explain why the democrats of Lumpkin county do not favor nominations. It will be seen that they often swap votes with the republicans and sometimes lay off their own party aside and go full length for the other. They think by not nominating they will be able to gather in some republican votes this time, all of which they will have in the very bad, for the democrats in Lumpkin county are not in the majority by a good deal. The figures speak for themselves, to-wit:

FOR REPRESENTATIVE—1888.
F. W. Hall, republican.....712
T. J. Grindle, dem.....308
FOR REPRESENTATIVE—1890.
Daniel Davis, dem.....572
F. W. Hall, rep.....572
FOR CONGRESS.
Winn, dem.....406
Pick, Independent.....281
Darnell, rep.....34
FOR REPRESENTATIVE—1892.
W. A. Charters, dem.....515
W. W. Woodward, P. R.....315
W. G. Spencer, rep.....142
FOR THE SENATE.
Reeves, dem.....538
West, p.....407
FOR GOVERNOR.
Northern, dem.....531
Peck,389

In 1893 out of the eight county officers, three of them are filled by people's party, four by democrats and one by a republican. The above figures clearly show that the democrats cannot be successful without the assistance of the republicans and this is why they do not favor nominations. They tell us that they cannot change the oppressive laws which they claim were passed by the republicans while in power so long, in two years but want us to let them and send them back again; they will fix it, only want time. When they are suffering for office, they come to you republicans with an outstretched arm, pleading to you for assistance, never even intimating what they have said about your party. All they want is office—many of them more than willing to swap votes with you, but when they get away from you they commence talking about the republicans robbing the treasury to pay off pensions, and that they have already saved the government \$28,000,000 in less than two years.

To no one of these fellows who is interested either directly or indirectly in an office, get up a little public gathering, where there are no republicans, and commence crying out democracy, is really disgusting.

People's Party, Take Notice.

The Executive Committee of the people's party of Lumpkin county are requested to meet at the court house at Dahlonega, on Saturday, the 21st day of July, 1894, at 11 o'clock, a. m., for the purpose of transacting some important business. This July 2nd, 1894.

All Sorts.

The much talked of tariff bill passed the Senate Tuesday. Two duties in New Orleans last Sunday from amusements. There are but few old soldiers in Lumpkin county that will support Mr. Atkinson. The clerks and sheriffs of Georgia, meet in convention at Brunswick on the 11th. Virgo Moore, of Dahlonega, says he is a democrat but cannot support Atkinson. A dispatch from Hartwell, Ga., says the people's party have nominated their present sheriff for the legislature. Mr. John Stricker, of Shoal Creek district, who has always been a republican, has joined the people's party. A republican in Dahlonega said last Saturday that their party should nominate Grover Cleveland for President next time. The populist and prohibitionists in several congressional districts in Tennessee have united and put out candidates for congress. A prisoner named John Barnes was killed by the Sheriff of Gilmer county the other day while attempting to make his escape. If Lumpkin county is so overwheeled democratic, why is it that we have one republican and three people's party filling county offices?

Something to Sell.

If there is any one thing that is calculated to make us tired more than anything else it is this senseless twaddle about having "something to sell." Only a few days ago the writer heard a farmer make the remark that if the people only had something to sell they could get the money for it. Yes, we replied, they can get money for it, but how much? Cotton raisers can get from 2 to 4 cents less for their cotton than it takes to raise it. Wheat growers can obtain less for their wheat than it takes to produce it. Labor can sell its products at prices that makes the producer poor and the speculator rich. Millions of men and women can not even sell their labor at any price. But government bonds can be sold at a good premium. And why? The bond is not good to eat nor to wear. There is no intrinsic value in it. Yet for it the miser will give up his cash. Why, we repeat, is this true? Because with every bond goes the privilege of levying tribute on labor. Because it will gather in the earnings of generations yet unborn. For the men who have the gold bonds are issued that the purchasers may levy tribute on labor.

How different is it when men propose to swap their labor for bonds? Men, too, who are out of employment and whose families are suffering from the pangs of hunger. They propose to give something of real value, their labor, for bonds and not ask that the bonds shall bear interest or be a burden on future generations. But no, these men are cranks. True they have something to sell—their labor—but that will not do. It takes gold, precious gold, to buy bonds, and the bonds must bear interest—gold interest—so that the purchasers can get their gold back and still have the bonds with which to levy tribute on labor. A great scheme, this, and a great government that permits it. Great also is gold! You can't eat it or wear it, but it is great because, because—because most of the fools whom it is robbing, say it is great. That is the only reason under the shining sun.

The Issue Made.

Mr. Atkinson is now virtually the democratic nominee, and the race is between the gentleman from Savannah and Judge J. K. Hines of Dalton.

In his speech at Conyers on Friday of last week, Mr. Atkinson is reported to have used language that will not do him any good in his campaign before the intelligent people of the state. In that speech he is reported to have said that he had rather see Georgia afflicted with an epidemic of yellow fever or Asiatic cholera from the mountains to the seaboard, than for the Populists to carry the state.

This is an assertion that few of his followers who are not office seekers will endorse. We give the democratic friends credit for possessing more common sense and more love for humanity than to endorse such language, yet no doubt this is the sentiment of the man who uttered it.

He would be willing to see the thousands of poor women and innocent children, even to the babe at its mother's breast, stricken down with that dread disease, than to see any other man in the chair of state. "The people be d—n, I must have the office" is Mr. Atkinson's platform.

Are the people ready to turn over to such a man as this the control of the state? Are the people so foolishly unjust that they could support for the highest office in the state a man who cared absolutely nothing for the lives of her citizens. Is such a character to be trusted with the property of the state if he would sacrifice the lives of the innocent to gain office and power? No wonder that he had beat General Evans and the Methodist church with the old soldiers thrown in. It is such a sentiment as this could be harbored in his breast, he is only fit to associate with the heathens of central Africa and should not be permitted to run at large in a Christian country like this.

We boast of our christian civilization and yet here is a candidate for governor who would gladly see every man, woman and child in the state die with Asiatic cholera rather than he lose the office.

Will the Christian people sustain by their ballot a man like this? or will they assert their manhood and vote as they pray?—Living Issues.

We are told that it comes to home matters we must lay aside politics and "vote for the man." Bear in mind that the most of those giving this piece of advice are democrats who will not cast a single vote for a people's party candidate under no consideration. This is too much like a man asking you to live under a shelter and build him a house.

Masonic Resolutions.

To the Worshipful Master, Wardens and brethren of Hile Mountain Lodge No. 28 P. & A. M. Your committee appointed to draft resolutions on the life and character of our departed brother, W. A. Baker, respectfully submit the following:

Bro. W. A. Baker was born in Alexander county, North Carolina, June 18, 1830. He was married to Mrs. Lucinda Ashby in the year 1847. He came to Georgia in 1860, settling in White county, where he lived for a number of years. He enlisted in the Confederate States during the war between the States, and was a brave and good soldier. He was unwavering in his loyalty to his country. He had the courage to do whatever he considered to be right, and being naturally of an indomitable turn of mind he followed his duty, and did not shrink from his hard-fought life. He received the degree of Master Mason in the Hile Mountain Lodge No. 28 in the year A. D. 1867. He joined the Methodist church at Pleasant Ridge, White county, in 1866, and died at the home of his son R. H. Baker near Dahlonega, Ga., on the morning of May 16th, 1894. The day following he was laid to rest with his final安息 in the cemetery of his son R. H. Baker near Dahlonega, Ga. He was a man of many virtues, and his friends were present to witness his last rites. He was a man of many virtues, and his friends were present to witness his last rites. He was a man of many virtues, and his friends were present to witness his last rites.

This another link of our fraternal chain has been severed, and though we cannot blot out the memory of the many links broken by death in time, we can only hope for the final re-union of the departed loved one, when link by link the mighty chain that binds our kindred in one great brotherhood of love will be made, never to be broken.

Resolved, that we bow in humble submission to the will of Almighty God, in the removal of our brother from the duties and responsibilities of this life to the home beyond the grave, that the funeral and jewels of the lodge be draped in mourning the usual period of three months, in token of our grief, and that each lodge be asked to contribute to the mourning of the departed brother, and that the brethren be requested to publish the same.

Respectfully submitted, June 25th 1894.

Of Other Medicines Failed But Hood's Sarsaparilla Gave Perfect Health.

Mr. Arthur McConnell

"I, H. H. Hood & Co., Lowell, Mass. "One thousand dollars' worth of other medicines, prescriptions, etc., have failed to do for me what Hood's Sarsaparilla has done. My health is perfect, but in 1884 I was taken with a skin disease and had medical assistance, but found no relief. The doctors said I had to leave home. I was in the Marine Hospital at San Francisco several months and at Rush Medical College, Chicago, 13 months, but still did not get better, so came back to Lowell. My weight was then 135 pounds with a heavy overcoat on."

"My Friends Did Not Know Me. I was so thin and broken down. But the climate and being at home gave me a little courage, and I began taking various medicines. In August, 1885, I was appointed to a position in the United States custom house. My friends urged my wife to have me try Hood's Sarsaparilla. I took it three times a day just to please her. But to my surprise I commenced to feel differently after a week on Hood's. I found I was hungry and that I could sleep better, that first feeling also let me. So I continued taking Hood's Sarsaparilla; have used nine bottles and four boxes of Hood's Pills, with the result that I am now in good health, weigh 165 pounds, have a good appetite, sleep well, and have not lost a day's work since I began to take this medicine. When everything was all right, I found that Hood's Sarsaparilla also had cured my skin disease. Hood's Pills, not only, yet promptly and efficiently, on the liver and bowels."

There is a mining company operating near Dahlonega, composed of one democrat, one republican and one people's party, called the Non-partisan Gold Mining Company of Lumpkin county. No such a company as this could be organized in Shoal Creek district, as there is not a democrat in it, but two or three republicans—about all people's party.

A leading citizen of Lumpkin county said last week that he would support any man to represent us that was willing to work for the repeal of the homestead and exemption laws, and allow the poor man a stay of a reasonable length of time in his place. Said he, instead of it being a benefit to the poor man, as intended, it is a curse. Under the present law a man has to have something to pond before he can even get a bushel of corn. Otherwise he must do without and his family suffer on account of these two laws.

Postmasters cannot take much interest in politics as in former days. Mr. H. D. Gurley informs us that he has been informed by the postmaster general that they will not be allowed to even act as delegates to conventions. This no doubt will cause postmaster Wallace at Jay to resign his position as a member of the democratic executive committee of the county. We cannot say that this is wrong for it is a rule made by a democrat and of course it would be naughty to say that one of Mr. Bissel's standing would count a wrong. Mr. W. J. Burr of Mill Creek district, is in the same condition as Mr. Wallace.

Mrs. O. C. Townsend, an aged lady, was tried for imbecility last Saturday by a jury before the Ordinary, who was authorized to appoint a guardian.

Aaron Stephens, colored, was sentenced to work in the street chain gang six days by the Mayor Monday, for knocking a negro woman down with his fist Sunday evening.

The many friends of Mr. D. T. Harris of Dahlonega are endeavoring to get him to allow his name to be used for Senatorial honors. Mr. Harris is a man that has no faults and his friends are numerous in the district.

John Grizzle, residing in Yahola district, was arrested a few days ago, charged with killing Jos. Riley's cow, which he had found in his field, destroying the corn. The case was compromised by Grizzle paying Ridley for his cow—\$15.

Mr. W. R. Berryhill, a cadet who has been spending a portion of his vacation in Dahlonega leaves for his home at Rome, Ga., tomorrow. He came down and subscribed for the SIGNAL to be sent to his address so as to keep posted until he returns.

Some of the members of the town council, may be all, favor taking the county digest for their guide when they commence assessing the property tax of the town. This is correct, for every man is sworn and knows better what he possesses than any one else.

Mrs. Joseph Bonner, formerly of this county, was arrested and lodged in Gilmer county jail last week on a charge of misdemeanor. Sheriff Brookshire received a blank bond Friday to be signed by some of her relatives in this county, so that she could be released until the next term of the Superior Court.

We understand that the pastor of the Methodist Church threatened last Sunday to discontinue the Sunday School if the teachers and scholars didn't take more interest in it and attend more regularly, and set a time—Sunday evening—for the friends of the cause to decide the first New Discovery. I overheard it. They all met, and after considerable discussion, decided to go on with the noble work with renewed interest and activity.

THE DISCOVERY SAVED HIS LIFE.

Mr. G. Gaillorette, Druggist, Beaverville, Ill., says: "Dr. King's New Discovery. I overheard it. I was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it. Get a free trial at E. C. Cartledge Druggist, June 29.

You will find all kinds of flavoring extracts at W. B. Woodward's store, either in phials or bulk.

There is always a calm after a storm. Everything is so peaceful and quiet since Tuesday's democratic rally.

Warranty deeds, mortgage and other notes, Justices Court blanks, blank orders, etc., for sale at W. B. Woodward's.

Judge Williams visited Dawsonville last Tuesday to sit on a case where the ordinary of that county was disqualified.

When you want meat, sugar, coffee, flour or anything in the grocery line cheap for cash, go to W. B. Woodward's.

County School Commissioner J. M. McGee who was attending the Teachers Institute at Dahlonega received the sad intelligence of the death of his brother, Thomas McGee, in Union county on Monday last. He left immediately to attend the funeral.

Mr. Frank Hunt, of White county, spent a few hours in Dahlonega last Tuesday. The object of his visit was to cast his vote for Riley according to instructions for Hon. W. H. McAfie for senator on the people's party ticket. But as this happened not to be the day Mr. Hunt went back to return again on the 1st Tuesday in August.

A small fire occurred at the Chestate mine last Saturday, resulting in damages of about fifty dollars. Mr. Ross, who rooms in the upper portion of the mill, had taken out some ashes and put the wooden box containing them, in a corner of the room near an oil can. The fire in the ashes soon set the building on fire and a portion of the roof was destroyed before it could be extinguished.

F. B. Riley, of London, Ky., was awarded the Gainesville and Dahlonega mail route via. Ananias, for the sum of \$832. Of course this will pay no one to carry a daily mail twenty-five miles in five and a half hours. Our citizens should stand off and let this man carry out the contract himself and by the time he got through he would certainly be sick of his job. But they won't do it. Some of them seem to take a delight in carrying the mail for nothing.

New subscribers continue to come in. That's right, gentlemen, we may differ with some you personally but we do not have anything against you personally. We have got a good candidate for Governor. You admit it, and why not support him? We will continue to give the political news as in the past of all three of the parties, but that of the democratic will not take up much of our space as the party is doing nothing but is weakening and passing in its checks rapidly.

Attorneys Palmer and R. L. Rodgers, of Atlanta visited Dahlonega last Tuesday on professional business. Col. Rodgers, who is one of the most influential democratic attorneys of that city, told us that Judge Hines would carry Fulton county. He says Judge Hines is without a blot either as a judicial officer, an attorney or a christian gentleman, and is a good citizen in every respect. Many of the democrats of that city are organizing Hines clubs and are getting ready for business on a large scale.

NOTHING STRANGE. Intelligent people who realize the importance of the blood holds is keeping the body in a normal condition, find nothing strange in the number of diseases Rod's Sarsaparilla is able to cure. So many troubles result from impure blood, the best way to treat them is through the blood. Rod's Sarsaparilla vitallizes the blood.

The gold mining company working near Park Spring is composed of four men and nearly all Jims. There names are, James Lafayette Rice, James Lafayette Davis, James Lafayette Watts and Van Crow, who will likely be called James Lafayette too during the existence of the company. However, it might be well enough to state that this celebrated James Lafayette company cleaned up 80 and a half penny-weight of gold last week, being the work of two weeks labor in old works. They have now reached new digging and the next time they clean up we may expect to hear of something interesting to all miners.

Some of our property holders have leased their mining lots, and a poor laboring man in order to get to work them has to sub lease and pay a royalty of twenty-five to thirty-five per cent. This is too much unless the gold was more plentiful and easier to come at. When men have to pay such exorbitant rents as this they will cease work which will retard the development of our mines. It is the laborer that owns up the mines and ought to have good pay for his services, but he gets the least, and when you cause him to cease his labors by charging unreasonable rents, it will be a drawback to this section.

Mr. Farrow.

Is man a triune being? Three, and yet only one person. We have often stated this to be, in our opinion, a fact. Many say, how can this be? We do not understand it and therefore cannot believe it. How can we as christians subscribe to the doctrine of a Triune Creator if it is as we understand all about it. God the Father, God the Son and God the Holy Ghost. Yet only one Infinite Being. Also, it may be said of a man the body with all its members and humanities, the mind with all its faculties and the soul with all its attributes—and yet only one finite being. It takes the body, the mind and the soul to constitute a triune man. N. F. HOWARD.

Porter Springs.

We are glad to learn that the QUEEN OF THE MOUNTAINS is starting off with her usual popularity and is rapidly filling up. Mr. D. E. Evans of Gainesville, the owner of the street car line of that city, has the track line this year and is keeping the cars hot. Under his contract he is to go through from Gainesville to Porter Springs in seven hours, and for this fifty cents to each passenger kept on the road eight hours. One four horse and one two horse hack go up every other day loaded down with passengers and make the trip every time in about 5 1/2 hours. There are now about thirty-five guests there and a great many more are engaged to be accommodated within the next ten days. The Dance Music comes from Atlanta about the 15th inst.—then the fun begins.

The Chronicle and Pembina county Democrat of Dakota, have consolidated, and will support the Populist ticket.

Atkinson stated in his Jonesboro speech the other day that Cleveland was the best president we have had in thirty years. God pity the worst one.

The Issues says that Atkinson has gone home to rest after cleaning up the old soldiers. They will reinforce and come back in the fall and gain the victory.

247 Ex-Union soldiers, delegates to the Populist State Convention in Kansas, seconded the nomination of Ex-Confederate W. A. Harris for Congress at large.

Angie that made his escape from Fulton county chain gang twenty years ago, was captured one day last week and is now in the stripes and put to work.

A man said the other day if I don't tolerate a populist I will represent Lumpkin county. What if they do? I would certainly be no disgrace to the county.

Lumpkin county's lawyers are few in number but they all seem fond of good positions. There are five—none of these already holds an office, while three others are candidates.

Congress will be asked to donate to the families of each of the war department clerks killed in the Port theatre disaster \$5,000. The committee has already reported favorable on the bill.

Cola, Candler and Livingston are making things warm now over the congressional race. The Atlanta Journal stands off and hollers Ocala platform and many other hard things at Col. Livingston.

Hon. F. C. Tate favored free coinage of silver while President Cleveland opposed it, and the Hall county democrats in a recent convention endorsed both the President and our Congressmen.

We know of many good democrats in Lumpkin county that will not support Atkinson. Of course it is believed by the bosses that when they pop the party lash that voters will all quickly fall into line, but they will be mistaken.

Some of our exchanges are harping about the negro delegates in the people's party state convention. Our almighty president put a negro in a high paying office and why should the people's party not give them a showing in a political convention?

Sugar Cured Ham, of the Georgia Cocker, said in his Canton speech, that the people must not blame the democratic party but the representatives. Why, then, do you endorse the present administration? Oh yes, we had forgotten. He is asking for a seat in Congress now.

We heard a fellow say in Dalton the other day that there was plenty of money to do the business of the country. Only a short time before that a fellow called on him to settle off a note for a man that he had bought, and he stated that he could not raise the money just then.

If you owe a man \$10 and have got \$1 to pay it with, how do you expect to pay the debt? You give him the \$1, but you can pay him no more till you have borrowed it back or sold him some property. It is estimated that the total indebtedness in this country has now reached the enormous total of \$40,000,000,000. We have not \$200,000,000 in gold. That is \$1 in gold to \$200 in debt. Will our soup-house, shop-labor, gold-cure friends tell us how, on a gold basis, we can ever pay that debt?—Sledge Hammer.

Colored People Condemn Fraud.

The colored people at a recent mass meeting in Bulloch county are the first to speak out against the use of liquor and fraud to gain votes in elections. This should cause white people to stop and think for a moment. When the dregs begin to see that it is wrong and opposes it, it is time to quit it.

The following are the resolutions that were adopted:

Resolved, That we condemn the use of whiskey in elections for the purpose of influencing the poor colored man to go contrary to his principles.

Resolved, further, That we condemn the way in which the colored vote was treated at the last elections in being made to vote the Democratic ticket under threat of being thrown out of employment if he voted the People's party ticket.

Farmer's Bad Judgment

We find that all industries are protected by the government, regardless of their location. Is not farming an industry? If so, then, why should it be taxed to protect the other industries when no other industry could exist without the farmer when all depends on him? Simply because he has never demanded his rights. He submits to a tax being placed on everything that he uses. Further than this he submits to a contraction of currency which reduces his products to starvation prices, without raising his voice. The natural result is that all products of any kind of mining, manufacturing or banking industries, have grown immensely wealthy while the farmer has grown gradually poorer and poorer, and the average laborer is almost forced beg for bread.

Capitalists all tell us that the causes of the deplorable condition of the farmer and laborer, are due to their extravagance, indolence and bad judgment.

Extravagance and indolence are two prime causes in many cases, but bad judgment in every case.

Promoters of industries, in other words, capitalists see to it that men interested in their welfare are elected to make laws favoring them, or to say the least of it, they see to it that men are elected that they can control. This is a part of their business, a part of their good judgment, and they flourish like a green bay tree. While the farmer on the contrary takes very little stock in politics and never sends one of his men further than the State Legislature. This is extremely bad judgment on the part of the farmer, and by not acting with the same caution in choosing representatives that the capitalists do, they have the burdens added on of them. Which has resulted in the ruin of the farmer and failure and made millionaires out of those who have been favored. We join the capitalists in saying, it is bad judgment.

We sincerely trust our farmers will base these things in mind, and vote for their own men, and with a party that will administer "Equal rights to all and special privileges to none," and judging by the platforms and records of the three parties that are now in the field, the People's Party is their only resort. Their name, record, platform and actions warrant us in making the suggestion.

The Atlanta Journal truthfully said, that if the people wanted a change in our financial system, that the Populist party was the place for them. The democratic record shows that if we want the present high tariff taken off of necessities and placed on luxuries, that the Populists must do it, as the democrats will not.—Farmer's Outlook.

Republicans, Take Notice.

The Republicans of Lumpkin county are requested to meet at Dahlouga on Saturday, August 4th, 1894, at 11 o'clock, a. m.

A full attendance is requested as business of importance will come before the meeting.

The Cherokee Advance says that Col. Darnell, the Republican leader of the 9th District, thinks it would be better for them to unite with the Populists for they can hope to get more advantages in such an alliance than by attempting to maintain their present organization.

The Great Strike.

The biggest strike ever known in the history of the country has about ended, and much loss of property, half a dozen men, one woman and a child killed and a great injury to the country is the result. The center of the trouble seemed to be in Chicago. In that city near a thousand box cars and many buildings were burned by the strikers. It was here that a woman, child and men were shot down, some of them by accident and others while touching the torch to the property of the railroad companies. People were wild and could not be controlled by even hundreds of soldiers with fixed bayonets. Trouble and destruction were sweeping over the country like a tornado. The Government was powerless to stop it. At last the President issued a proclamation for all unlawful assemblies to disperse else they would be fired into by the U. S. troops in less than twenty-four hours, which quieted affairs considerably. The fourth of July in the West will long be remembered.

LATELY—Wednesday evening mail brings us the news that the strike in Chicago has been revived and an outbreak is expected at any moment. Thousands of people are parading the streets of that city wearing badges. As soon as Delb. president of the Union Railroad Master Workmen of the Knights of Labor, issued an order for every member of the order to stop work until matters could be settled. The membership of this order is claimed to be 1,000,000. Even the newboys, numbering one thousand, have struck and refuse to sell certain papers published in that city.

ST. LOUIS.—Thursday evening mail brings us joyful tidings. That the lockouts at St. Louis, too, the strike are broken.

The Teachers' Institute.

The Teachers' Institute of Lumpkin county closed its annual session last Friday afternoon, after having had a very good attendance. Before adjourning however, the following preamble and resolutions were adopted and requested to be published:

Regarding Hon. S. D. Bradwell as a man, suited by education and character, for the position which he now fills so creditably as State School Commissioner, and feeling that the educational interests of Georgia have progressed under his wise management therefore be it

Resolved, By the teachers of Lumpkin county in annual session now assembled, that we cordially endorse the Hon. S. D. Bradwell's educational work in the past and recommend him for appointment.

Deeply feeling the interests manifested by Prof. B. P. Gilliland, who has so ably and successfully conducted the exercises of this Institute and whose noble character and high integrity have recommended him so favorably to the teachers of the Institute, therefore be it

Resolved, That we extend to him our sincerest thanks and appreciation for his able management of the Institute and kind interest in the work of the teachers.

We also express our thanks to the visitors and citizens who have attended the exercises of the Institute and who have shown to us so many examples of their kindness.

We also express our thanks to the Board of Trustees of the N. G. A. College for the use of the building during the work, and their noble work for the upbuilding and fostering education of our mountain section.

Let the Country be Represented This Time.

Two Runs, Ga., July 10, '94.

Mr. Editor:—If the citizens of your town wish to act in harmony with the people of the country they should be willing to give them a representative in the legislature at least once every other term instead of putting out a candidate every time. In Hall county where two representatives are allowed the people of the country a representative can be elected and do not ask for but one legislator from the city. This is right. It keeps down all ill feelings and strife between the city and the country and everything works in harmony.

Lumpkin county is entitled to but one representative, but arrangements could be made so as to give the country a man every other term and all this ill feeling between the town and country would be wiped out of existence. The voters of the Dahlouga district do not exceed three hundred men and why should they ask for the representative every term? The senator always resides in Dahlouga when it is Lumpkin's time. Now, is it not fair to give the other seven or eight hundred voters a chance now and then?

It appears that the most of you think that the best and wisest people reside within the town limits and no one is fit to represent the country who lives in the country. In fact this has often been said. It is a mistaken idea, as the records of the legislature will show.

Only a few years ago I was told that if I would support Capt. Hall of your town that he would secure Lumpkin county a railroad if he was elected. He represented us, and now we have a railroad near Dahlouga now than it was before! Instead of working for a railroad he went down there and voted to tax dogs.

At the last election I was induced to vote for Col. Charters, a leading attorney residing in your town with the hope that he could accomplish something. He was elected. Can we tell any difference since he represented us? At this time they wiped out the famous Twine Bill, the only law that has been made for the poor man for years. An appropriation was asked to be made for a state exhibit at the World's Fair, and a committee, our representative in the crowd, went all the way to Chicago and back before they said a word about it being unconstitutional to take money from the State treasury for such purposes.

So you see, Mr. Editor, the worst of men do the least good in the legislature very often, and surely we can pick out a man in the country every four years that will do as well as some of those that have represented us.

Our Taxes.

The tax receiver of Lumpkin county has just completed compiling his books for the present year. The total amount of property is about the same as last year including the "doubles," which is as follows:

Fourth of July Reflections.

After trying our experiment of self-government 118 years we can hardly say that the outlook grows brighter with each recurring anniversary of the nation's independence.

Today the labor troubles in more than twenty states amount almost to an industrial revolution, and the calling out of armed posses, militia and federal troops indicates the serious and widespread nature of the disturbance.

The pessimists are having their day now.

The situation does not call for wild talk. The calamity shouter does more harm than good. It is useless to get excited over the evils that surround us unless we at the same time find the remedy and have the honesty and courage to apply it.

We got along very well when the government of the people, for the people and by the people, but a government by the people, the whisky trust and the goldbug trust for the benefit of those trusts is a failure. We must go back to the cardinal principles and the simple methods of democracy. We need a revival of Jeffersonianism.

We must get rid of the new political theory that a party is not bound by its solemn pledges, and that they are inserted in its platform simply as glittering generalizations to catch votes and deceive masses. With common sense and common justice in our national legislation we can right every wrong and satisfy the people.

If, when the new administration came into power, congress had gone to work without delay to redeem the pledges of the Chicago platform this would have been the happiest and most prosperous Fourth of July in this generation. If that policy had been carried out there would now be no great labor fit in the west, no general complaint of distress and no gloomy forebodings. Financial relief and a revenue tariff would set every wheel in motion, and every man willing to move would have no time to busy to the demagogues who are inciting the masses to revolt.

It is not too late to fulfill the promises of the national democracy. If the ruling powers will keep faith with the people all will be well. But if we are going to allow this government to be administered by shysters and monopolists, then the pessimist's talk may have something behind it.—Constitution.

A Change.

The Kansas Democrat, one of the oldest Democratic papers in that State, in its last issue renounces the old fraud and comes over to the people. Here's what it has to say:

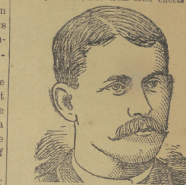

"Two years ago when the Democratic party came into power it was in a position to have wiped out the Populist party by giving the people the reforms they demanded and which the Chicago platform promised. Instead of bringing back its followers who had gone over to the Populist movement its course has served to strengthen them in their new allegiance and to reinforce them with many who still believed the Democratic party was the party of the people. It had pledged the people legislation in behalf of silver; its unconditional repeal of the Sherman law completed silver's overthrow. It promised the repeal of the tax on State banks; it has killed without debate a bill pending that no tariff reformer can depend. Having repudiated its platform we do not see how it can again go before the people under its present leadership with its record of broken promises and expect the people to believe in its sincerity.

"We believe the Populist party stands today the party of the people; we admire it for its pluck, earnestness and enthusiasm with which it is meeting the questions of the day and when its convention at Topeka declared in favor of equal suffrage we decided to support its ticket and it will be found at the head of these columns during the present campaign.

"We have not arrived at this determination hastily, but after mature deliberation. Party ties are strong and it is not an easy matter to change one's political affiliations, but in following where the great bulk of the Kansas Democrats are already gone we are simply changing party names and not party principles. The same reasons which called for the defeat of the republican party two years ago are equally strong now."

"Look out, don't get on the side walk." Said a party to a darkey, whose horse was becoming a little unruly the other day. "All right, boss, for day put the rich man in the paper and de nigger on de streets."

Some of the boys amused themselves Saturday night by throwing rocks on the house occupied by Hatfield & McDonald. They have since been required to come before Mayor Ferguson who fined each \$1 and cost for their little amusement.

Mr. Monahan of the Atlanta Constitution, who has been spending several days in Dahlonega, inspecting the various gold mines about our beautiful mountain town, left for Atlanta last Tuesday morning. A full description of the gold diggings will appear in that paper.

Editor Hollister of the Jackson County Herald, accompanied by his wife and child, and several other ladies and gentlemen, numbering about twenty, paid Dahlonega a passing visit last Tuesday. They are carrying their own skillets and will take in Porter Springs and Tallulah Falls during their visit to the mountains.

We have heard old people tell about the meteoric shower, which occurred many years ago, but never heard of the moon falling into this week. Robt. Little, Wm. Palmer and Frank Rider were in town Thursday and asserted that the moon fell Wednesday night, between the hours of 11 and 12 o'clock, while they, in company with Mart Barker, were working in the Chestate mines, near town. They stated that the moon appeared to be about an hour and a half high, when at once it commenced going down rapidly and was out of sight in less than five minutes. After it disappeared, the boys say that Barker asked them in an excited manner if they thought a person could be saved without being baptized.

The Board of Education consumed all day Saturday in hearing evidence in four schools that were being contested by different teachers, as follows: One in Yahoola, contestants Geo. Lance and J. E. Wilkins—given to Lance. One in Cane Creek, contestants Rev. C. W. Stargel and Miss Sallie Hill—given to Stargel. Another in Yahoola, contestants James Tate and Miss Mary Hutchinson—given to Tate. One in Crumby's, contestants Rev. A. D. Stargel and W. A. Jackson—given to Stargel.

Mr. Geo. Lance, who was elected to teach a school in the upper edge of Yahoola district, went to enter upon the discharge of his duties last Monday morning. Upon reaching the school house upon the hill he found the door closed, and him stand fast and a crowd of men standing about in the yard. We are informed that he was forced to leave the place, and the people in that neighborhood are without a school. When a board of three trustees are appointed for each district to look after their respective schools, all such trouble as this will be avoided and not before. It is impossible for one board of education to select the teachers and locate schools satisfactorily.

Stengel of Emerson, Ga., to run a flume line, and the following gentlemen were appointed as arbitrators to assess the damages, to-wit: J. W. Weaver was selected on the part of Wahl, J. N. Davis by Stengel, and two gentlemen appointed W. J. Worley. After an inspection of the property the damages were fixed at \$50.

The Board of Education consumed all day Saturday in hearing evidence in four schools that were being contested by different teachers, as follows: One in Yahoola, contestants Geo. Lance and J. E. Wilkins—given to Lance. One in Cane Creek, contestants Rev. C. W. Stargel and Miss Sallie Hill—given to Stargel. Another in Yahoola, contestants James Tate and Miss Mary Hutchinson—given to Tate. One in Crumby's, contestants Rev. A. D. Stargel and W. A. Jackson—given to Stargel.

Mr. Geo. Lance, who was elected to teach a school in the upper edge of Yahoola district, went to enter upon the discharge of his duties last Monday morning. Upon reaching the school house upon the hill he found the door closed, and him stand fast and a crowd of men standing about in the yard. We are informed that he was forced to leave the place, and the people in that neighborhood are without a school. When a board of three trustees are appointed for each district to look after their respective schools, all such trouble as this will be avoided and not before. It is impossible for one board of education to select the teachers and locate schools satisfactorily.

CURE FOR HEADACHE.
As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headache yields to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of the medicine. Try it once. Large bottles only fifty cents at E. C. Card-Judge, Druggist.

Mr. John Tate writes us that he is not a candidate for the legislature unless Col. Price comes down and one else will run against Mr. Bell. He says they are both good friends and will make the race without the use of money or whiskey, and if they do no good they will do no harm.

The town council has completed assessing the property taxes for the present year which is 20 cents per hundred. The state and county digest was used as its guide in most every particular. This cannot fail to give entire satisfaction and the plan should have been adopted years ago.

A short time ago Mr. Christian Wahl made application to the Ordinary of Lumpkin county for the right of way through a lot of land near Auraria belonging to Mr. J. P. Stengel of Emerson, Ga., to run a flume line, and the following gentlemen were appointed as arbitrators to assess the damages, to-wit: J. W. Weaver was selected on the part of Wahl, J. N. Davis by Stengel, and two gentlemen appointed W. J. Worley. After an inspection of the property the damages were fixed at \$50.

The strike in the West has even affected Dahlonega. The price of meat is advancing rapidly.

The people quickly recognize merit, and this is the reason the sales of Hood's Sarsaparilla are continually increasing. Hood's is "on top."

Hon. W. H. McAlfee has agreed to make the race for the Senate if nominated by the people's party on the first Tuesday in August. Then the fun will commence.

A good old citizen of Dahlonega it took a man who was willing to endorse Cleveland to be a democrat, he was no longer one.

The daily mail via. Bearden's bridge is being carried for the time being by Mr. L. Q. Moders, and our citizens get their mail about an hour earlier in the afternoon than heretofore.

Mr. Thomas Clements is spoken of for Tax Receiver. He has been a good hawking christian gentleman for many years but should become a candidate for an office we don't know what will be told on him.

The doors of three school houses were thrown open to all the white children in Dahlonega of school age, last Monday morning. All three of the teachers are young ladies, to-wit: Miss Lizzie Chapman, Miss Lila Cain and Miss Anna Worley. A teacher whose name we do not know, is instructing the colored children at their church on Crane's Hill.

AN OLD DOCTOR'S FAVORITE.
Dr. L. M. Gilliam, who practiced medicine over forty years, originally used and claimed that Bland-Blood-Balm, which has now been in use about fifty-five years, was the best tonic and blood purifier ever given to the world. It never fails to cure the most malignant fevers, sore, rheumatism, catarrh and all skin and blood diseases. Price per large bottle, \$1.00. For sale by druggists.

Mr. W. J. Worley has just returned from Union county where he had been spending a few days, probably where he thought he would get clear out of politics. But not so. When he got over there he found a candidate for auditor general, and republicans, democrats and populist wanting their party represented in the halls of the legislature. The cold weather in the early summer effected everything except candidates.

The following is told on a Lumpkin county school teacher, who spent several months in some of the lower counties, which happened one day while eating dinner at a house whose proprietor keeps up with the latest styles: A short time after the young man commenced during the dinner was brought around for him to clean the grease from his tiny fingers. The teacher thinking it was some kind of soap, picked up the vessel and drank its contents before you could say sent.

A democrat, residing at Bartow, who is already a subscriber to the SIGNAL, sent a half dollar the other day for the paper to be forwarded to his brother, and wound up his letter in the following language: "I want my brother, to keep posted. I always unfold the SIGNAL first because it contains more home news than the Nugget." This is the reason we have so many subscribers, and why most all the democrats of the country take it with the exception of a few of the modern variety.

Mr. O. C. Sepp has removed to Auraria, and Mr. F. V. Moose visited Union county a few days ago with a view of going to look for gold.

To seek another time in order to make a living. No laborer can afford to pay water rent and other expenses and then give \$35 for each \$100 worth of gold he digs and support his family.

SUFFERED FOR YEARS—CURED.
Mr. C. A. Wallace, of Atlanta, Ga., suffered five years with violent indigestion. Had tried all kinds of medicine and a number of renowned doctors. He says, "I heard of your remedy, tried it, and two bottles cured me." Try it for yourself. It never fails. Price 50c. per bottle. Send to Chas. O. Ryan, Druggist, Atlanta, Ga., for book of particulars.

If you want a refreshing drink go to Hatfield & McDonald, next to Bearden's house, get a milk shake, glass of ginger beer or ice cold lemonade. They also keep a lunch counter and you get a lunch very cheap. Look bread always on hand.

It pays to advertise. One out of the twenty pleasure seekers, who passed through Dahlonega the other day, happened to be a subscriber to the SIGNAL. Upon his arrival in Dahlonega he carried all the crowd straightway to the only hotel he had seen advertised in the paper and got dinner.

Mrs. F. N. Kennedy, Miss Kennedy, Miss Wise, of Macon, and Mrs. J. W. Stafford and P. M. Stafford, of Barnesville, who are spending the summer at Porter Springs, came down to Dahlonega Wednesday and remained several hours in the city, visiting the mines and other places of interest.

At H. D. Gurley's closing out sale you will find a few more suits at our \$27.50. They must go at any price regardless of cost. I will sell you shoes and hats less than New York cost. Dry Goods and Notions at your own prices. Don't be misled. This is no advertising scheme. I am closing out these lines and mean business. Come to see me with the cash. I will sell you these goods (while they last) cheaper than any merchant in Dahlonega can buy them at wholesale.

Years, anxious to please. H. D. GURLEY.

Mrs. Mary Woodward and Miss Lizzie, mother and sister of the editor in chief, arrived from Gainesville on Wednesday afternoon last and will remain some time on a visit to their old home. The editor was joyfully entertained last Thursday by his kinspeople and Mrs. Nettie Mitchell, of Richmond, Va., and Mrs. Charters and children. He did not kill the "fat cat," but all the same, a sumptuous dinner was prepared and all enjoyed a royal hospitality.

THEIR NAME IS LEGION.
Reader, there are many bad purifying medicines. There is but one Hood's Sarsaparilla.

Do not allow high-sounding advertisements or other devices to lead you from your purpose to take Hood's Sarsaparilla because in this purpose you are right and will not be disappointed in the result. Hood's Sarsaparilla is an honest medicine, honest, a blood-purifier, effects honest cures, and gives every patron a fair equivalent for his money. What more can you reasonably ask?

A fair trial guarantees a complete cure.

We are informed that, work at the Gordon mine suspended Saturday. We do not know whether it was for the lack of gold or water, or both. But there is one thing we can truthfully say, and that is, if this mine has reached a point where it will not pay, it is not Mr. Fry's fault. He wore no two story silken hat nor used no golden headed cane, idling his time away sitting at hotels, but was always at his post of duty, never too busy to take hold of a pick, shovel or hammer whenever it became necessary. Such men as Mr. Fry, Mr. Crandall and Mr. Bonham are worth something to a country.

As we go to press, Mr. James T. Howell, who resides about three miles from town, is very low and but little hopes of his recovery.

Mr. James T. Grindle tells us that he has many stalks of corn in his field having seventeen well matured ears of corn on them, some of the ears measuring eight inches in length. These ears grow out at the top of the stalk instead of a tassel. This is peculiar corn, and nothing was ever seen like it in this country before.

The Nugget, whose editor thinks that it is the ugliest block to democracy in the county, says that the republicans of Lumpkin are so foolish, enough to go off to the third party. Many of them are going to vote for Hines all the same. You can call it what you please. Should all of them fail to vote for the modern political party it could not rise no more than a kite without a tail.

Last Sunday night four young men in Chastain district, who had taken too much of the overjoy, took upon themselves for the evening in Mr. Jack Ash's meadow. It was not long after their removal, however, and they became sick and commenced vomiting, which gave the meadow such a perfume that the sheep and horses in the meadow would not eat a single blade of the grass until the rain came and washed it off.

Miss Casey, who has been assisting in the business department of the college, took her departure for home last Tuesday. The professor hereafter having charge of this department, generally made their own arrangements about assistants, and as a new one has just been elected, to whom the lady had no acquaintance, of course she could not expect a position under him, hence her departure. Miss Casey made many friends in Dahlonega during her short sojourn with us, all of whom regretted to see her leave.

There seems to be other school trouble up again in this county. This time it originates in Cane Creek district. We gleaned it as follows: Mr. Wm. Head secured a school to be taught in a house built for the purpose by patrons on property which Mr. Dock Marlow has a bond for title from Mr. J. B. Clements with the understanding that the patrons should have a deed to it. The deed had never been made, notwithstanding the building has been constructed for some time and Mrs. Dock Marlow had taught three schools in it. This year Mr. Head was the successful applicant, and upon Mr. Marlow refusing to let the school have the use of his spring and well water close by, they commenced sinking a well on the school property, and it is about four feet the first day. Next morning the well was filled up. The well was filled up, the next morning it was deeper. The next morning it was deeper still, and a notice found sticking up by Mr. Marlow's name to it, forbidding it from being dug. Some of the patrons came to town for legal advice Wednesday, and went back to sink the well.

Parties desiring the SIGNAL at a distance must always remit the money.

This is a bad year for deers and other seekers. Its hard to tell which is the worst.

The attendance at Sunday School last Sabbath numbered 118 scholars in Dahlonega.

When you are getting up an article for publication and go to the printer, I don't lengthen it but shorten it.

It would do to be governed by the golden rule while a candidate for an office in Lumpkin county. If you do, you will be left.

Quite a number of parties went from town to Mt. Gilboa last Sunday morning and staying last Sunday. Several hundred people you said to be present.

We had the office towel washed last week for the first time since February. The following results were read and adopted: The towel was washed on Tuesday. The towel was washed on Tuesday. The towel was washed on Tuesday.

We never saw any one to quit taking any other paper and subscribe for the SIGNAL. Neither did we send it out to a man without his permission, and afterwards call on him for the money. We are like many tanks with by keeping the wheels of the good liquor on hand. It is here for you and if you want it, either come or send.

We are informed that Marshal Holman and assistants, destroyed a large distillery in White county last week. The main possession at the premises promptly made "leg" and hasn't been heard of since. A 32 gallon barrel of liquor was also captured within a hundred yards of a church where a projected meeting was to commence.

A little faction fight took place in the porch of the Methodist hall last Saturday evening between two parties about some liquor. "It is said that one of the fighters told Marshal Holman that an inmate of the Poor House had been supplying a member of the temperance society and another fellow with liquor the previous evening, which caused the fracas as before stated."

Orbit Thumson, while returning to Dahlonega last Monday with a load of wood, had a frightful runaway coming down the Nelder Road road. He was sitting upon the wood and just as he reached a very steep place below the Hixley ditch, several sticks of the wood slipped against the two mules, and they started down the hill at break neck speed, the wood scattering in every direction, as if being tossed off the wagon by a cyclone alone. Some mules close by watched the wagon until it got out of sight, when they followed on hastily, expecting to see Thumson lying in or by the side of the road. Ready, every moment. But to their utter surprise when they came in sight of the driver and team, neither him, team nor wagon was injured except a small pin and single nail on the hind leg. One wheel had run off the high bridge across the branch, causing the team to slip. This was certainly a narrow escape. W. Thumson from Lenoir this day.

The Rev. Mr. Boyd, pastor of the Dahlonega Baptist church is attending the North Georgia Baptist Convention at Lawrenceville this week.

We call especial attention to the ad. of Porter, Hinchford & Co., to be found at first page of to-day's Signal. This firm's, closing out of coat. Now is your time to get bargain.

Hereafter the junior of the college will ring the bell every two weeks at exactly 12 o'clock by the old clock, commencing tomorrow, so that our citizens will be able to keep the correct time.

There has been a change in the schedule of the Military, daily mail. The mail now arrives at 12 o'clock, but has not yet been changed.

The Negro gave only a partial list of his payers, residing in Lumpkin county last week. The following names who return \$3,000, and over were omitted in his list to Mr. W. J. Tate, & Bro. \$6,140; Mr. W. Tate, \$3,887; C. A. Besser, \$2,000; R. H. Baker, \$1,100; N. P. Howard, \$1,000; A. G. Winy, \$1,000; John Simmons, \$5,297.

The residence of Mr. A. G. Winy, caught on fire one day last week but was extinguished before any damage was done. Caused by two boys being left in a fire place that had not been used for some time, and pieces of wood near the chimney took fire. On Tuesday last, a small house belonging to Mr. Singleton, was destroyed by fire where Mr. Winy's residence now stands.

The sidewalk leading to the street, at office received "new treatment" last week by a coat of oil clay being thrown upon it. Some persons' foot deep. Persons wishing to see new buildings will have to call at a day time and the gravel train arrive, if they don't want to get stuck up in the mud. All communication with the outside world is shut off of a wet time except by means of a balloon.

Quite a large crowd of white people congregated at the L. A. Tate school house last Sunday to hear Sam Goodluck, call, preach. Sam is now in the business, but he didn't seem to be a little embarrassed and told about all he knew concerning the little school where colored people sang several beautiful songs, which were listened to with much interest by all present.

We have been receiving several times to publish the names of those taking advantage of the schedule law in Lumpkin county. We will say to one and all that it is not the duty of a newspaper man to shoulder the responsibility of a matter of this kind. A record is kept by the Ordinary who will furnish the desired information to all persons concerned. Those wishing the law changed should inform the legislatures of Georgia and have it fixed to their notion.

We have had a number of rain this week. It came in a good way. It had been dry so long that many of the springs had ceased to run and some of the wells had failed to afford any water. Up land water was suffering and the great quantity of water could not run on much more than half time. By the business of the moonshiner was restricted, on account of the little streams of choice places failed to afford enough water to run their stills.

As Old Doctors' Favorite. Dr. L. M. Chilton, who practiced medicine over 100 years ago, and died, used and claimed that Bogota Food-Kidney, which has now been in use about 100 years, was the best tonic and blood purifier ever given to the world. It never fails to cure. It's most malignant ulcers, sores, rheumatism, and skin and blood diseases. Price per large bottle, \$1.00. For sale by druggists.

SUFFERED FIVE YEARS. Mr. Chas. Wallace, of Atlanta, Ga., advised five years with violent indigestion. Had tried all kinds of medicine and a number of eminent doctors. He says "I have of you Remedy, tried it, and two bottles completely cured me." Try it for all kinds of Catarrh, and you will be cured. Price 50¢ per bottle. Send to Chas. O. Now, hadn't you as soon read the Signal as a so called democratic paper? Which gives you the Convention at Lawrenceville, this information?

Allen Stringer, J. E. Konimer and J. G. Parker were caught in an illicit distillery this week by Marshal Harrison. Parker made his escape and the other two were brought to town, bound over and gave bond.

We never try to fill up space in the Signal by crying out "charmony" or "discord." It is too much like some new preachers we have heard grout and spit when they couldn't think of anything to say in order to keep up a tone.

The two colored boys who were working out lines on the street, attended a ball Thursday night and their places were vacant on the street the following day. There is more place for a duck to use his feet in cutting the pieces of string than to handle a shovel throwing dirt.

Mack Moore has a chicken that is 10 years old. Mack is taking special care of it, and thinks he will keep it alive and able to crow when President Cleveland vacates his seat. It should be used in the next parade at Washington next time during the inauguration of a new President.

Jap Williams was over from Union county yesterday. When we asked him about politics, he said he was worn out. Now, really we believe Jap is on the stool of repentance, and will soon betch her out that he believes in the true people's party doctrine. Jap very well knows that democracy is trying up in the dock and will soon be a thing of the past.

It is said that Geo. Lance, who was selected by the Board of Education to teach a school in Yahola district, has left for parts unknown on account of some serious charges reported against him. The paternalistic school, to select a teacher out of the following named persons by the Board, to take his place, to wit: Miss Belle Reid, Miss Mary Hutchinson, John Grizzle, W. A. Jackson.

The Colored Convention. The colored convention met at the church last night according to announcement, with Samuel Goodluck in the chair and John Jefferson at the desk. Only two present and they blew out the light and adjourned.

Going North this Summer? If you are contemplating a trip to the Lakes of Michigan, or Wisconsin, or Illinois, or to any of the resorts of the North, or to any of the resorts of the West, you should write for a copy of the folder, to Fred D. ANNOUNCEMENTS. For the Senate. We are authorized to announce the name of G. W. Boyd, of Lumpkin county, as a candidate for the Senate from the 2nd Senatorial District of Georgia. Election the 30th day of October, 1894.

For County Treasurer. I am a candidate for County Treasurer of this county. My past services to the county will attest my faithful performance of duty. Give me your vote. R. F. JACKSON.

For the Legislature. At the solicitation of friends I hereby announce myself as a candidate for the House of Representatives at the ensuing election. My views on public questions will be given through the newspapers or from the stump during the campaign. W. F. PRICE.

GRAND CLEARANCE SALE!

J. E. Murphy,
LEADER OF STYLES AND LOW PRICES.

There are a great many things in my stock which must be sold, at my price, if I can, at your price if I must.

Cost will not be considered. They must go.

I am not going to sell everything at and below cost. Many things are staple the year around, and will be sold, as always heretofore, at a reasonable living profit, but there are many things, new things, fresh things, beautiful things, which go out with the season, and I mean what I say when

I offer them at and below Cost.

I will soon need the room for Fall stock, you need the goods now.

Your price takes them.

Map Out Your Course.

The man who starts in pursuit of fortune without carefully surveying the ground and laying down his line of march beforehand, is a reckless Absalom, who is pretty sure to be caught by the "wait-a-bit" thorns of speculation, and left helplessly struggling in their midst, a ridiculous spectacle to all right-minded men.

Map out your course, young man, before you set forth on your business journey. While you are still out of the tumult and turmoil of the busy world adopt a set of principles. Let them be such as your conscience and common sense approve. Then fashion a code of laws for your future government—rules of conduct, based on the duty you owe to God, to your neighbor and to yourself.

Don't wait until you are assailed by temptation or beset with difficulties to determine what you shall do in either dilemma. Determine in advance what ought to be done under certain circumstances, and when they occur, do it. You are better qualified to judge rightly what is just and prudent in any contingency before the contingency is upon you, than you can

be in the moment of difficulty. In your trouble, don't trust to the impulse of the moment, impulse is a blind guide in serious matter. Refer back to your chart. This has been the practice of wise and good men from time immemorial.

Experience is, no doubt, a capital teacher, but her lessons are bitter, and if you begin life with a counsel lead, on honest purpose, a dauntless spirit, and fixed principles and rules of conduct of the right kind, you will be all the more likely to escape the lash of that bad book-mistress. Lay your course straight in the beginning, and stick to it as closely as you can in storm and sunshine. Providence is the underwriter for those who sell this sea of troubles by the chart of honesty and the compass of prudence, and even if blow on the rocks they are not likely to perish there for lack of help.

DAHLONEGA, JULY 27, 1894.

The dispensaries will reopen in South Carolina on August 13. The state populist convention at Little Rock, Ark., last week was visited by ten thousand people.

When Grover goes on a fishing excursion for his health, the Government pays \$150 per day for the boat that carries him.

Ninety-eight of the leading merchants of Chicago have sent to Congress a vigorous protest against further delay in tariff legislation.

A fellow last week said it had got so that he couldn't kill a squirrel when the wadding was made from a democratic paper of the modern variety.

In Kelly's brigade of Coxey's army, there are 120 men who are members of the young men's Christian association, and 85 free masons, and 123 odd fellows.

With 244 lawyers to 28 farmers in Congress, and 64 lawyers to 1 farmer in the Senate, and about the same proportions in each state legislature, how can the farmer hope to get justice?

An great game of bluff as was ever played is now being indulged in by the congress of the United States; and the senate senators are the greatest bluffers of the times.—Savannah News.

Topeka, Kas., July 22.—The Topeka Daily Press, the leading fusion paper in Kansas in the contest two years ago, hoists the Populist State and Congressional ticket in its issue of this morning.

The congressional delegates of the people's party of Lumpkin county didn't go to the convention with their hands tied, and were allowed to use their own judgment and to vote for the best interest of the party.

The Gainesville Herald now rises to remark that it, Hill county, democrats only voted for Mr. Tate and Cleveland for its ability and patriotism. This is much thinner than some watered sweet milk we used to buy.

We have been told by the democrats that they opposed the people's party platform because free coinage was in it, and Mr. Tate and Cleveland didn't want it. Notwithstanding Lumpkin's delegates got instructed for Hon. F. C. Tate, and he voted for the free coinage of silver. How inconsistent.

You was told by the democrats just before last election that if you voted against their party you might lose your pension. Now what do they say about it? That they have decreased the pension for thousands of dollars. So you are many of you have lost your votes and pensions both by voting for the democrats.

There are now 110 lodges of Odd Fellows in Georgia and nearly 6,000 members. Odd Fellowship is to-day the leading fraternal and beneficial order on the globe. In this country alone there are over 10,000 lodges and a membership of 800,000 and the order is growing at the rate of over 50,000 members a year. It spends annually for the relief of its distressed, the burial of its dead and the education of its orphans over \$3,000,000.—Savannah News.

The reading of these Cleveland resolutions in the Lumpkin county democratic meeting so often Saturday, made us think of an old man who had a choice piece of music he wished his boys to hear, and sit down and commenced singing. He went through with the first verse in a loud, clear and beautiful tone, and when he came to the chorus he liked it so well he sang it over and over until he got perfectly hoarse, and when he got so he could not make any noise with his mouth he finished up by patting his foot.

Hon. Karl Garner, late treasury chairman of the South Dakota Republican Convention, and one of the Central Committee, has joined the people's party. Also, J. L. Lucas, 21 of his neighbors of Meriden, Kansas, and E. B. Worley and M. Langdon, of Topeka, Kansas, both leading republicans. W. W. Williams, one of the editors of the Minneapolis Tribune joins the populist, and in taking his departure from the old party, says: "The guns fired at Chicago have made me in fact, what I have long been in thought, a Populist. Henceforth your God shall be my God, and I am with you to the end. Thank Him, that while a few poor men have been killed at Chicago, the guns which killed them have also killed the old parties beyond the hope of resurrection."

The P. P. Congressional Convention.

The people's party of the 10th district convened in Gainesville last Wednesday. It was the largest assembly of people ever meeting in that city on such occasion. The streets were thronged with populists which caused those of the old parties to look amazed.

Well, we have not time nor space to dwell upon the subject proper to say that the candidates of the people's party of the 9th Congressional District have been mentioned, and his name is Hon. J. N. Twitty, of Hall county. Three cheers for him.

He Did Say It.

The report we made last week of Mr. Atkinson's speech has caused much excitement all over the state, as we have received letters from prominent men in regard to it.

Some say we misquoted him and that he meant "social equality." If he meant that why didn't he say so. We sat upon a table directly in front of him and believe we heard every word said, and if he did not use the following language we do not understand English, and there were several of our best citizens who will give affidavit if necessary that he did use such language. We quote him as near as we can:

"I had rather see our fair land besieged with the most malignant type of yellow fever, cholera, smallpox or any other terrible disease than to see the populist party in power." Some may construe this to mean something else.—Jonesboro News.

Negroes Will Not Vote on a Credit Any More.

An effort is on foot to get the colored voters of Lumpkin county to vote the democratic ticket again this time, or at least a portion of it, but they have been deceived so often by some of the democrats that it will be a hard matter to fool them any more. It is a settled fact that if they do vote with that party that they must be paid well and in advance at that.

One of the colored leaders was promised, some of the negroes state, if he would use his influence for Mr. Tate at the last election, he would be given \$20. The poor colored man did so, going ten miles or more in the rain and work like a beaver until the election was over. What do you suppose got when he called for his pay? A peller pair of gloves and a small amount of candy. Another fellow said he got a drink of whiskey and a little piece of cheese. But this time they will not take shoes, whiskey or candy, they must have the cash in hand before any services are rendered.

The Democratic Meeting.

The democrats of Lumpkin county met in the court house last Saturday. The ground was too wet to work and everybody had an opportunity to attend this meeting that desired to do so. Seven out of the fifteen executive committee heretofore appointed were on hand, and all usually attend these "rallies" except three were there, two of them were absent from town and the other had gone out on the creek fishing we suppose.

Delegates were elected to represent the party in both the congressional and gubernatorial conventions, and a little speech was made by Col. M. G. Boyd. The Colonel confessed that the party had not done all it might have done, but he believed with a chance of two more years everything would come out all right.

The democratic desert was then brought around, being Mr. Cleveland's name on some paper. Capt. Williams and Col. Boyd went through the usual ceremony in explaining the ingredients, after which only the 48 who participated in the meeting, helped by others, wiped their mouths and adjourned.

P. S.—It's right funny. Some of the democrats who stated that a man who had ever been in the revenue business could be elected to an office in Lumpkin county, went last week and nominated a revenue officer as a delegate to represent the democratic party in the gubernatorial convention. And fanner still, every candidate in the court house voted for this delegate too.

ABSOLUTELY PURE

The National Disgrace.

The wheels of legislation seem to be hopelessly blocked. Thirty-seven millions of people concerned in business to the extent of fifty billions of dollars, send delegates to Washington to transact certain affairs touching national legislation. These delegates were duly instructed and handsomely paid. They were supposed to be men of intelligence, of character and of capacity.

The subjects upon which their action was needed were most pressing. At least they seemed to be so up to the very day of the election. The country was informed by speech and by editorial and by pamphlet that the case admitted of no delay. It seemed quite clear that unless the Republicans were immediately put out and the Democrats put in, ruin of the most aggravated description would take possession of the land.

The Sherman silver law, which was only giving us about five millions dollars of new money each month was denouncing us because it stood in the way of the free and unlimited silver coinage the Democrats were going to give us.

The reckless extravagance of the Reid Congress was a crime which was to be atoned for by the severe economy of the Cleveland administration.

The McKinley Bill, "the culminating atrocity of class legislation" was a robbery which the war horse of Democracy panted to charge and to overthrow.

So wildly was the country worked up over these terrible acts of legislation that we fully expected that the rampant Democrats would burst somebody in their haste to relieve the people.

The election was hardly over before the "good and conservative" elements began to hint that the first thing to be done was to put good Democrats in office. "We cannot carry out our pledges without having a free office," was the sympathetic cry.

These plain pledges, the basis of their sensible reasonable policy, and so we held our noses while the mad scramble for office fought it out in Washington.

Then came the Extra Session. To our dismay it was not called to stop the McKinley robbery at all, but to repeal the Sherman Law, which was giving us several millions dollars new money every month.

But Cleveland, Voorhees, Gordon, Mills and Carlisle, the gods of the Sherman Law stood in the way of free silver and that as soon as they got the Sherman Law repealed we should have "something better," viz:

Free Silver.

By this time our flesh began to creep and we began to suspect that the bag of gold at the end of the democratic rainbow was unreliable wealth, but still we hoped so.

So they repealed the Sherman Law, stopped the Coinage of Silver, shut the doors of the mints, and have only opened them since to coin 400 silver dollars for the Democratic Campaign to use in the present campaign to convince us poor folks that the coinage of silver has not been stopped.

By this time the severe economy practiced by Mr. Cleveland had emptied the Treasury; and instead of coining the money belonging to us, which the New York National Bank is allowed to use free of charge, he mortgaged our National future by issuing \$50,000,000 of Bonds. These Bonds were bought by the very Bankers who had \$15,000,000 of our money in their hands at the time. And they have got it yet.

Then the coinage of silver having been stopped by the delegates we sent there to give us unlimited coinage, all our money having been spent by the delegates we sent there to practice economy. Reed now having been adopted by the delegates we sent there to keep Reed and his rules into chaos a mortgage having been put upon our future and an increase thus made in our taxes by the delegates we sent there to reduce our taxes, we came at last to the Tariff.

And there we stuck.

And are still sticking. The House gave a Bill which had some faint resemblance to Tariff Reform.

The Senate gave us a Bill which, by its violent resemblance to McKinley, would be sufficient evidence of his paternity to compel him, in any court of justice, to give bond for its maintenance and support.

The most diabolical feature of this Senate Bill is that which makes the contractors of sugar pay about one third more for sugar and which will yield a bounty to the Sugar Trust of from \$400,000 to \$800,000,000 per year.

Every citizen of the country is thus taxed most heavily to enrich the rogues who bought this law from the Whiskey Trust likewise comes in for special favors. They are to have eight years in which to pay their taxes, instead of five as heretofore.

Coal and iron are to be protected for the benefit of West Virginia and Pennsylvania, while the Southern lumberman and the sheep raisers of all sections must taste the beauties of free competition with the world.

To this program of the Senate the House demurs. The committee of the two bodies fails to agree. A deadlock is on. What the end will be nobody knows. Many of the delegates we sent there to attend to these matters have come away. Some of them are in Europe. You can read in the papers of their being pretty much every where excepting where they ought to be.

Occasionally the Sergeant-at-Arms has to go out and arrest them, and carries them to the place of business where they are paid to serve. But almost immediately they scamper off again. Free coinage, and silver, and silver (free or no work) and the claims of various private parasites are so conducive to travel and change of scene that the average delegate cannot resist.

Isn't it a shame? The prosperity of a mighty Republic is dependent upon Congress, and Congress is a spectacle of impotency.

It can't advance and it can't recede. Hung right across the fence, it can neither hook nor kick. The Republican party claps its hands in glee because its policies have all been scrapped with the approval of the Cleveland administration.—Watson's Daily Press.

Good Joke on a Democrat.

John Anderson, col., who resides in Crumley's district, was in Dahlonega this week laughing and telling of a suggestion that was made to him by a certain county official while before last election.

"Yo republicans should combine with the democrats so as to beat on the third party," said the official.

"Will must do after that," asked him.

"Thelgo back to your republicanism," was the reply.

Meeting of the People's Party Executive Committee.

DAHLONEGA, Ga., July 21, '94. The Executive Committee of Lumpkin county met and was called to order by the chairman, J. B. Duckett. Then put in the nomination of delegates to the Congressional Convention to be held at Gainesville July 26th, 1894. Hon. Dan Devlin, W. A. Higgins were unanimously declared to be interesting on important subjects the voting then adjourned to meet again on the first Tuesday in August next, at 12 m.

The contest is ended, and corruption has won. There is a lesson in it, taking the democratic statements. There was more corruption in this contest between two men of the same party than in any election for years.

We are led to wonder what the elections this fall will produce, when the life of the party is at stake. It is well for the populists to make a note of this, and be on guard. Give out word that we demand a free ballot and a fair count.

The men who supported Evans, did so because he was not a trickster, but a clean man, and they hoped to elect him and make this an entering wedge to break up ring-rule and debasing practices. In losing the fight, they are placed in a peculiar position. They must retract all said against ring-rule and evil practices, and vote for the man they denounced so fiercely, and in so doing justify administration and its broken pledges, or they must stick to their text and "purify politics."

The position they are in may puzzle some of them, because they reverence the name, "Democracy." But is all clear? You can vote for good old-time democracy, pure, sweet and undefiled; you can vote for the name of democracy, a government of the people, by the people, and for the name of democracy, the next General Assembly of Georgia for the high office which it aspires.

It is further recalled that the candidacy of the Hon. John J. Kimsey of Lumpkin county, for Governor, is a candidate for the position of Governor of the State has never been represented by the Populist Cause, and that he is a man of high character, honesty of purpose and a desire to have enacted into law those measures which would preventives will rebound to the benefit of the poor people.

Resolved, that we, the Democrats of Lumpkin county, in mass meeting assembled, hereby pledge to Col. Charles our unqualified endorsement and support of our acknowledged candidate for the next General Assembly of Georgia for the high office which it aspires.

It is further recalled that the candidacy of the Hon. John J. Kimsey of Lumpkin county, for Governor, is a candidate for the position of Governor of the State has never been represented by the Populist Cause, and that he is a man of high character, honesty of purpose and a desire to have enacted into law those measures which would preventives will rebound to the benefit of the poor people.

have seen and talked with me if you are not sure of the facts, I say to you, vote for some one else, but do not become prejudiced or scared of till you hear me. I will say for the benefit of those who read this, I have written concerning the repeal of the tariff law, in the Signal last spring, and did not thoroughly understand how it would affect old debts, that any debt paid up to the very day it may be repaid will be considered as paid. If the party owing is desired to do so. Any debt now considered as paid, is paid for all time and eternity and no law could be made to make it any other subject. I hope to explain my position in this campaign to you personally.

Yours for honest laws.

W. J. Bear.

He wishes to load our readers not to purchase anything in the line of carriages, wagons, bicycles or harness until they have sent 4 cents in postage on their 112 page catalogue. We advise the readers of this paper to consider his suggestion.

Dahlonega Signal.

DAHLONEGA, JULY 27, 1894.

Entered at the Dahlonega, Ga. P. O., as second class matter.

Look out for the cross mark on your paper.

Visitors still continue to arrive at Porter Springs.

Dahlonega has had several visitors this week.

Miss Nanna Martin is off on a visit of several weeks.

Marshal Anderson still continues the work of improvement on the streets.

Plenty of corn in town. It sold from the wagons at 60 cents per bushel this week.

A little child of Perry Anderson, col. fell off of a porch Tuesday afternoon and broke its thigh.

Throughs have been placed at each of the public wells so that country people can water their stock when they visit town.

Mr. Christian Wahl of Milwaukee, who is largely interested in mining in this county, arrived in Dahlonega last Monday.

Mr. J. F. Moore's residence is nearing completion, and is a beautiful structure, located at one of the most desirable places in town.

Frank Comer and Mr. Allen of Gainesville, have been up this week putting in the gut guttering on Mr. J. F. Moore's new building.

We never heard of a dog swamping until this week. Col. Boyd told us that he was a witness to a trade of this kind not far from town Monday.

See what the Commissioner of Agriculture has to say on the 4th page of to-day's issue about bedding on Irish potatoes during this month. Read it. It is interesting.

Mr. Alfred Roberts, of Clarksville, spent a few days with his sons Mr. Al and Henry Roberts, of this place last week. They had not seen the old gentleman in seven years.

Marion Chester has leased the Murray stamp mill and we understand will crush custom ore. This will be good news for miners who are not able to operate for the precious metal only on a small scale.

The boys killed a muskrat last Tuesday which had been destroying the corn in Mr. Robert Howells' garden. It had been occupying a hole in the banks of the Hand ditch, which runs through Dahlonega.

The Jury Revisors of Lumpkin county met on the 1st Monday in August next for the purpose of revising the jury boxes. The Clerk of the Superior Court requests that each member of the Board be present on that day.

Capt. Williams went up in the upper portion of the county this week to have some work done on the Jones bridge which was giving way. Some time since, Mr. Jackson Southern of Union, who was threshing grain in this county, cut the overlays of the bridge in two so as to permit the smookestack of his engine to pass, which weakened the structure and the top blew over. The repairs will be made and the ball presented to Mr. Southern for payment.

At H. D. Gurley's closing out sale you will find a few more suits at from \$2.75 up. They must go at any price regardless of cost. I will sell you shoes and hats at less than New York cost. Dry Goods and Notions at your own prices. Don't be misled. This is no advertising scheme. I am closing out these lines and mean business. Come to see me with the cash. I will sell you these goods (while they last) cheaper than any merchant in Dahlonega can buy them at wholesale.

Yours, anxious to please,
H. D. GURLEY

As Old Doctor's Favorite.
Dr. L. M. Gillman, who practiced medicine over forty years, originated, used and claimed that Botanic Blood Balm, which has now been in use about fifty-five years, was the best tonic and blood purifier ever given to the world. It never fails to cure the most malignant ulcers, sores, rheumatism, catarrh and all skin and blood diseases. Price per large bottle, \$1.00. For sale by druggists.

Mr. T. F. Jackson is now keeping books at the Hall Commissary.

Marshal Helton of White county, paid Dahlonega an official visit Wednesday.

The Sunday School Convention at the Dahlonega camp ground Saturday week will be largely attended.

Rev. B. D. Ragsdale, of Conyers, Ga., will preach at the Dahlonega Baptist Church Sunday evening. There will be no services at the church at 11 o'clock.

Charlie Stapp of DeKalb county, was in Dahlonega this week delivering a four horse load of head and foot stoves manufactured in that county, for different parties at this place.

Notwithstanding government furnishes the N. G. A. College with ample ammunition for target practice in the military department, the junior is busy reloading shells. He turned out 1,300 in two days this week.

Members of congress are doing nothing but sending out public documents now, judging from the large amount of mail matter that is being received at this place. It looks like Mr. Cleveland's men intend to supply every man, woman and child in the county with a book.

Bob Beck was arrested by Sheriff Brookshire Wednesday evening on a warrant sent up from Hall county, charged with stealing and swindling George & Byrd of that city. He was immediately carried to Gainesville, and if all accounts are true it will not be long until he reaches the chain gang.

Mr. James L. Howell, who has been on the brink of the grave for several days, is still alive. Last Sunday he became so low that his children were called to the bed side to bid him farewell, but a kind Providence spared his life, and he began to mend and is much better as we go to press. May he live and do all things best, restore her to health and permit her to sit around the family fireside with her children awhile longer and comfort them with words of love and kindness.

For the information of the "strife and discord" editor of the Nugget we refer him to the Journal of the House page 1015, and he will see that Capt. Hall did vote on the 4th day of October 1890, while in the legislature to tax dogs. But what of it? He is no candidate for office within the gift of the people now and it is useless to take up any more space in replying to any one who is always ready to give some one the lie. Neither is it of any use to publish further communications on the subject. It is all dead matter, for the people are thoroughly posted.

Mr. James Anderson, formerly of this county but now of Jackson, has just paid his relatives and friends in this section a visit. Mr. Anderson left Lumpkin county for California during the gold excitement in 1852. He remained in that state some three or four years and accumulated quite a neat little fortune and returned to his native state and county. After remaining here but a short while he married and moved to Jackson county, where he has been living as a prospector ever since. We are always glad to meet these old friends and former citizens.

ELECTRIC BITTERS.
This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the song of praise. A potent medicine does all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cents and \$1.00 per bottle at E. C. Cattledge, Druggist.

Mr. A. W. Meaders left for Watkinsville this week.

The grape crop will be a failure in Lumpkin this year, as the fruit is all rotting.

Miss Sallie Wheeler, who has been spending several weeks in Dahlonega, left for her home in Anniston, Ala., this week.

About half a dozen men, who had been working for the Phoenix Gold Mining Co., near Auraria, came to Dahlonega Wednesday to secure attachments against the property for money due them for labor, but Mr. Sherrell, the superintendent, assured them that if they would wait a week that they should be paid, and the matter was postponed.

Bob Beck and his father and little brother had a falling out one day this week, and Bob became so scared that he made an effort to get a peace warrant for his little brother. Bob was told to believe that was useless, and he is still alive and no one has not even as much as hurt his feelings much less his person.

Seeing a man come marching in to town last Wednesday wearing a blue coat and red pants with a woman on each side of him and a little girl walking behind, engineering for sheriff Brookshire, somewhat excited our curiosity and we went at once to see what it meant. It proved to be constable Mote of Mill Creek district, having in charge Martha Williams and Adeline McElreath, who had been committed to jail charged with the offense of stealing corn from Will Davis. Before they went to prison they swore out a warrant for Will and some woman unknown to us, charged with violating certain sections of the Code, and this ends the story for the present. Adeline made bond soon after her imprisonment.

John Boston, who deserted his wife in this county and ran off with another woman, has been heard from again. We learn that he put in his appearance at his wife's house not many weeks ago, and renewed his love for her and said he had a "place prepared for" her ten miles below Gainesville and desired a reunion. After much persuasion the good wife consented to go with him, and off they went. When they reached the house in which they were to live, there he told the woman who had caused her so much sorrow and misery. Mrs. Boston picked up a chair to strike the woman, when the erring husband caught his wife and held her until the girl could make her escape. Right here a second separation took place and the lady returned to her home in old Lumpkin while Boston is scouting about.

It seems that Nimbrelly district has had some school trouble too. The house, which had been used for school purposes about sixteen years, was purchased from the Martin estate by Mr. James Forester some months ago. When a teacher was chosen it is said that Mr. Forester failed to get his choice and went and nailed up the school house door. This caused Mr. John Cochran, the selected teacher, to have no place to open his school. Mr. Virge Parks made a deed to some property he owned about 300 yards from the old school house, and the patrons all joined in and put up a building on it in about four days, and now Mr. Cochran is happily ensconced in his new quarters teaching the "young ideas how to shoot."

HOME AND ABROAD.
It is the duty of every citizen, at home or traveling for pleasure or business, to equip himself with the remedy which will keep up strength and prevent illness, and cure such ills as are liable to come upon all in every day life. Hood's Sarsaparilla keeps the blood pure and is as liable to absorb the germs of disease.

Hood's Pills are hand made, and in proper proportion and appearance. 25c per box.

Gentlemen, we say to you again, please "hold down" your communications before you send them in for publication.

We are informed that Miss Sallie Hutchinson has been awarded the teaching of the public school in Yahola district, over which there has been so much trouble.

The president of the N. G. A. College says that he thinks they will open out the first Monday in September with more students than they have had during the past year.

Tom Holloway, of Davis' district, was confined in jail Saturday charged with wife whipping. Tom says, so we understand, that his wife threw a pone of bread at him and hit him in the face. This made him mad and he used a switch on her lightly.

Mr. F. D. Boardfield has discovered a rich gold mine in his garden. The mine is large and with the use of a mortar and pestle can make from a half to a pennyweight of gold per day. Dr. Howard also discovered a gold bearing vein in the street Monday, near Capt. Ingersoll's stable. One ounce is now completely surrounded by gold mines, all being in less than fifty yards from our place of business.

Capt. Williams requests us to state that the people's party of Cane Creek had a public meeting at the law ground of that district and only four persons—two democrats and two people's party were present. It must be remembered that it was away off in the country where they had no county or revenue officers, town marshals and four city council nor lawyers to attend the "trial." Take all these off of a democratic rally and the turn out would be slim.

The School Trouble.

In reply to the school trouble in Cane Creek district which was mentioned in these columns last week, we find that Mr. L. M. Marlow's explanation is too long to appear this week as it contains 730 words. We give the substance, which is as follows:

When he purchased the land from Mr. J. B. Clements and gave bond for title, there were no arrangements made about the school and nothing reserved except one-half the mineral interest. Afterwards when the school question came up he did agree to deed the site to the Board of Education (not the patrons), for school purposes and when abandoned it was to go back to him. The house was erected and he allowed the school the use of his well water. Then he agreed to assist in the digging of a well at the school house, but only two of the patrons were willing to help him. Afterwards the former board would not agree to have but one school in the district and this house was abandoned, and a member told him that they had no use for it and that he could take charge of it, which he did. Later on the present Board of Education gave the district two schools and a not a word was said to him by Board of Education. Under the circumstances he did not feel under obligations to furnish the school with water and left a notice for the well not to be dug.

Another Democrat of Lumpkin Comes Over. Our News.

WABOO, GA., July 23.
MR. EDITOR:—

Mr. H. L. Kemp, heretofore a strong democrat, flaps his wings and lights over on the people's party side, appearing in the Nugget about the reform party. Mr. Kemp sends in his subscription and orders the Nugget stopped and subscribed for the SMOKE, a paper on principle. Kemp is for reform, throughout. He is digging a well in front of his storehouse and post office to furnish lack drivers and passengers with cool water. He has a big heart and a broad back bone and a clever wife and nice children. Trade with him he will do you right every time.

Mr. A. L. Anderson's children who are going to school at Mt. Gililand, report a garter snake being killed in the church yard that discharged 50 young snakes from its mouth all alive. Some of them made their escape but most were killed.

Mr. J. N. Brown from Jackson county, says that corn is fine and cotton looking all right, and the

people's party on the big side in that county. He says the democrats there are giving big dinners for the colored people. This shows why they object to negroes being admitted into the nomination of Judge Hines for Governor. They want all of their themselves. They can't get them all O. K. They think

Mr. J. C. Anderson shot a very large pit under a ladies house on the 17th inst. A little child crawled under the floor and rocked the snake until it was shot. Sun.

More than 100 pennyweights of gold were cleaned up at the "James Lafayette" deposit mine last week.

A CONVEYANCE.

The Nation and People, Their Heirs and Assigns, Sold Forever.

Know all men by these presents: That we, Grover Cleveland, John Sherman and John G. Carlisle, parties of the first part, and Wall street, New York, Change Alley, London, parties of the second part; Witnesseth that the parties of the first part, to-wit: Grover Cleveland and John Sherman and John G. Carlisle have this day sold to the parties of the second part, to-wit: Wall street, New York, and Change Alley, London, all that vast territory of land lying between the Atlantic and Pacific oceans and reaching from the golden skirts of the Puget sound to the magnolia scent of fields of Florida, and from the frozen lakes of the north to the Rio Grande, being about 4,000,000,000,000 in gold the receipt of which is hereby acknowledged, and bonds for same issued, do hereby bargain and sell the above described tract of land, with all the appurtenances, thereto belonging, the titles of the soil, their heirs and assigns forever, to the parties of the second part, for said sum of money; and the parties of the first part warrant and defend the title to said party against all claims whatever. And we, the republican party, wife of the said democratic party, all being parties of the first part hereto, by our common friends and legally qualified agents hereby relinquish all claims to the parties of the second part all our rights of dower in and to said lands.
